

Dreamland Accessibility Policy – Events 2027

We are committed to creating an inclusive and enjoyable experience for everyone attending our events. In collaboration with our authorised ticket provider, AXS.com, and Nimbus, we've updated our accessibility policy for the 2026 season to make sure we provide clear, easy to follow guidance for guests requiring accommodations.

General Accessibility Information

Dreamland operates as a standing only venue, unless otherwise specified. We recommend carefully reviewing event details, FAQs, and terms before purchasing tickets to ensure the event meets individual requirements.

We offer two ticket types:

1. **STANDING General Admission + Essential Companion Tickets** – This means you get access to our Standing Only General Admission Areas and an Essential Companion to support during the event.
2. **SEATED Platform Access + Essential Companion Tickets** – This means you will have access to our raised Accessible Platform which provides an area for wheelchairs and seats are available (please note these are extremely popular and will set out quickly)

New for 2026 Events: Enhancements

From 31st July 2026, Dreamland is partnering with [Nimbus Disability](#) to streamline accessible ticket bookings via a user-friendly portal. To book Accessible Tickets (Essential Companion or Platform), you will need:

- A valid Nimbus Access Card ID or,
- A Valid Nimbus Registration Number.

These credentials must be obtained before booking tickets via AXS, our authorised ticket provider. Third-party ticket providers are not authorised to sell accessible tickets.

To apply for a Nimbus Disability Access Card please apply using the following [link](#).

To avoid disappointment, apply for your Access Card or Registration at least 7 days before tickets go on sale.

Accessible Ticket Options

We recognise the essential role companions play in supporting guests with significant access needs. Complimentary Essential Companion Tickets to our **STANDING** General Admission areas are available for guests holding a Nimbus Access Card or Individual Nimbus Application with the “+1” Symbol, which allows for one complimentary Essential Companion Ticket.

For guests with the “+2” Symbol, two complimentary Essential Companion Tickets are eligible, but please note these cannot be booked through our official ticket provider, AXS. Guests requiring the “+2” Symbol must contact our Customer Services team at customerservices@dreamland.co.uk for assistance.

These tickets are intended for companions providing substantial assistance directly related to a guest’s disability. Eligibility is assessed and verified by Nimbus Disability.

STANDING General Admission + Essential Companion Ticket

- Provides access to the **STANDING General Admission Area Only**.
- Does **not** include access to seating or the accessible platform.
